Word Web App Word 2011 on SkyDrive

The screenshot shows the Microsoft Word 2011 interface. At the top, there is a ribbon with tabs for "File", "Home", "Insert", and "View". The "Home" tab is active, showing various options for font, paragraph, and styles. Below the ribbon, there is a paragraph of text: "For the first time in many years a new release of Microsoft Word marks a significant and substantive update to i fact, the new, Intel-only Word 2011 contains so many valuable new features and improvements – more than 30 i the bottom line is this: Microsoft Word for Mac is no longer the red-haired stepchild of the Microsoft Office line, documents and for collaborating with others. More importantly, Word 2011 now makes it possible to insert a M same set of features, without compromise, found in Word for Windows."
